

Amendments to the Specification:

Please replace the paragraph at page 10, lines 9-19, with the following rewritten paragraph:

The first row of notches 28 comprises for its part at least one notch 28a, hereinafter called the first notch 28a, intended to interact with the first tooth 24a of the bolt, and notches 28b disposed on each side of the first notch 28a and intended to interact with the teeth 24b of the ~~[[bolt]]~~ catch 19. Likewise, the second row of notches 29 comprises one notch 29a, hereinafter called the second notch 29a, intended to interact with the second tooth 25a of the catch 19 and notches 29b disposed on each side of the second notch 29a and intended to interact with the teeth 25b of the catch 19.
